

Coble Fire Department

P.O. Box 22
Centerville, TN 37033
coblefire.org

To our Coble neighbors,

After much planning and preparation, Coble now has its very own fire department. We have been working very hard over the last year in putting together plans, obtaining equipment, writing policies, and training personnel in an effort to form the Coble Fire Department. This department is a 501(c)3 non-profit organization that is staffed by 15 volunteer members. Thanks to a few generous donations, we currently have a 1984 E-One Fire Engine and a 2006 Chevy Tahoe Rescue Vehicle. We have also obtained some safety gear, air packs, basic rescue equipment, and medical response bags and equipment. Our members are trained in firefighting tactics and rescue operations, as well as emergency medical response. We are prepared to respond to fires, vehicle collisions, rescue situations, and medical emergencies.

Fire departments require a significant amount of funding to maintain and operate. We have been operating entirely on donations through the start-up process and will continue to rely on donations from the Coble community to aid the growth and development of the fire department. Currently, our greatest need is a fire station in which to house the fire truck and rescue vehicle. We have recently begun fundraising with this goal in mind. An outbuilding in the community has been loaned to us, and we will be closing it in and equipping it with electricity in order to have an economical option for our first fire station. The estimated

cost for supplies for this project is \$6,500, and we have builders willing to donate their time to perform the work needed.

Our request is that you will please consider giving financially towards this goal for our station. Any amount you can give will be a tremendous help toward our overall goal. For more information about the department and fundraising efforts, please visit our website at coblefire.org.

To make a donation, you may use PayPal or Credit Card by visiting our website, or you can simply mail a check to:
